

Tourist visa is being introduced after two years

Good news for foreign nationals. A tourist visa is being re-introduced after almost two years. India has suspended tourist visas for the past two years due to the corona epidemic. The Home Ministry said in a statement on Tuesday (March 15th, 2022) that it was considering easing visa and travel restrictions as the covid situation in the country improved. Regular and e-tourist visas issued to citizens of 156 countries for five years are being re-enacted. In addition, the old 10-year visas for citizens of the United States and Japan are being re-enacted.
